

Easter is when we remember that Jesus entered Jerusalem to shouts of praise from all the people on Palm Sunday.

But 5 days later, the crowd had turned against Him and shouted "Crucify".

He was crucified on Friday.

Then on the first Easter Sunday morning Jesus is alive again.

The Bible tells us this was God's plan for us to be able to have our sins forgiven and bring us back to Father God to be his children.

Yolanda with Edmund and Benedict enjoyed carefully decorating Easter cards.

This family have been coming for 6 years. Both of the boys love the activities and sometimes take part in the dramas when the Bible story is being told.

The Easter Cards were prepared by Emily. The Egg was cut in half and attached to the front by a split pin so that it opened and closed. When opened, it revealed a picture of Jesus after the He rose from the tomb.

Using Glass pens these wine glasses were decorated to remind us of the last supper.

We also had Sheila Major for the first time to help make Cross key rings. She also helped families to decorate stained glass effect, hanging crosses. Martin told the story with the help of a video cartoon.
